Markets how supplied.

Rice is sold by the 8 wholesale and retail dealers. Their servic to people still continues very irre--gular and scanty, individual compla being that paddy is not yet coming t markets freely, nor in quantities sufficient to meet the demands. Exce -ing some private guttigedars to who a few carts of paddy keep coming, th rest all go to the mills who mill fo others, and the mill owners as well

as others complain they cannot procure sufficient paddy at prescribed rates, though every one complains against ever one else but himself, that all secretly inflate the prices with the result that many cannot buy.

Ragi is still supplied by the 6 Municipal Depots to ticket holders- I have had several conversations with the ragi merchants and have been persuading them to arrange to import the new ragi. They complain of want of Railway facilities and of high prices due to drought and poor crop. 4 persons have, however, promised to import and see how it will work out.

'e) Whether any change is required in the prices fixed.

Under consideration of Government.

(f) General Situation.

General situation is far from satisfactory and is causing any amoun of anxiety. There is a sort of suppressed sullenness in all grain dealers at any restrictions, but I a afraid it is all due to adverse sea--sonal conditions, drought and economi causes which are being carefully watched.

(g) Any special area or matters in regard to which anxiety is felt.

Some floating population, from Gadag, Dharwar and other places have also been wandering in the City in

in search after labour, as they repre-
-sented. Police have been told to
keep quiet look out.

(b) Markets how supplied and any changes required in the prices fixed.

Merchants are not able to freely get ragi themselves, as the ryots are afra of shortage for themselves. Government Officers are trying their best to deal with the situation.

(c) General Situation etc.,

The Amildar of Mulbagal reports that sufficient quantity of Food Grains is not freely coming into the market and that anxiety is felt in the whole Taluk.

The census shows that there is no appreciable surplus of ragi in the Dis and this is further proved by the dif

culty felt by merchants in gettir stocks and in the price of ragi not fa

ing though this is the harvest seasor There is a great demand for rice from Mysore. Burma rice is coming straight from Madras Harbour to Malur and Kolar to some extent at rates cheaper than those offered by the Mysore Government for Burma rice. More broken rice is necessary to use with ragi and make the existing ragi supplies la a longer time.

...	Rice	392		395
	Ragi	1,666		1,669

Markets are said to be fairly supplied in the Tumkur and Hassan Districts, but not in the other districts. The supplies continue to be scanty.

Change in the prices fixed is necessary as reported in the last Weekly Report. The subject is under the consideration of the Food Supplies Committee and proposals will be submitted very early.

The general situation continues to be fair. There is great eagerness to import Mysore rice into all Districts. The quantity to be exported to each district will be fixed and priority certificates will be issued as soon as the prices are revised. Some contract rice has already been sent to Bangalore and Closepet and arrangements have been made to send some to Chennapatna, Chickballapur and Kolar Gold Fields.

Note:-

(1) Stock on hand related to the Provincial Depot at Bangalore, Mysore and Tumkur. The difference in figures is due to the re-measurement of grain and re-filling in uniform quantities in bags in the Central Provincial Depot, Bangalore.

(2) The Deputy Commissioner of Bangalore, Mysore and Chitaldrug Districts and the President, Bangalore City Municipality have not sent their report.

Official Memorandum.

Government regret to observe that the weekly and other periodical reports prescribed by Government regarding the food supply arrangements are not being punctually forwarded to Government or to the Food Controller.

2. As belated reports received long after the due dates serve no useful purpose, the Deputy Commissioners of Districts are requested to pay their personal attention to this important subject and see that the prescribed returns and reports are submitted on the due dates. They are also requested to bring to the notice of Government through the Revenue Commissioner in Mysore instances of delays by subordinate officers in the submission of such returns to them.
